- Add to cart
- View Cart
- Use promo code
- Check out
- View Profile
- Logout

2- Diagrams

Decision Table (Order Process)

Our Store follows this policy:

- 1- take price discount if using a promocode and min total price is 200\$ (dynamically value of discount changes from one promocode to another)
- 2- If customer ordered more than 5 item and min total price is 200\$ → 20% discount
- 3- customer ordered less than 5 item and min total price is 200\$ → 10% discount
- 4- if total price less than 200\$ → 5% discount

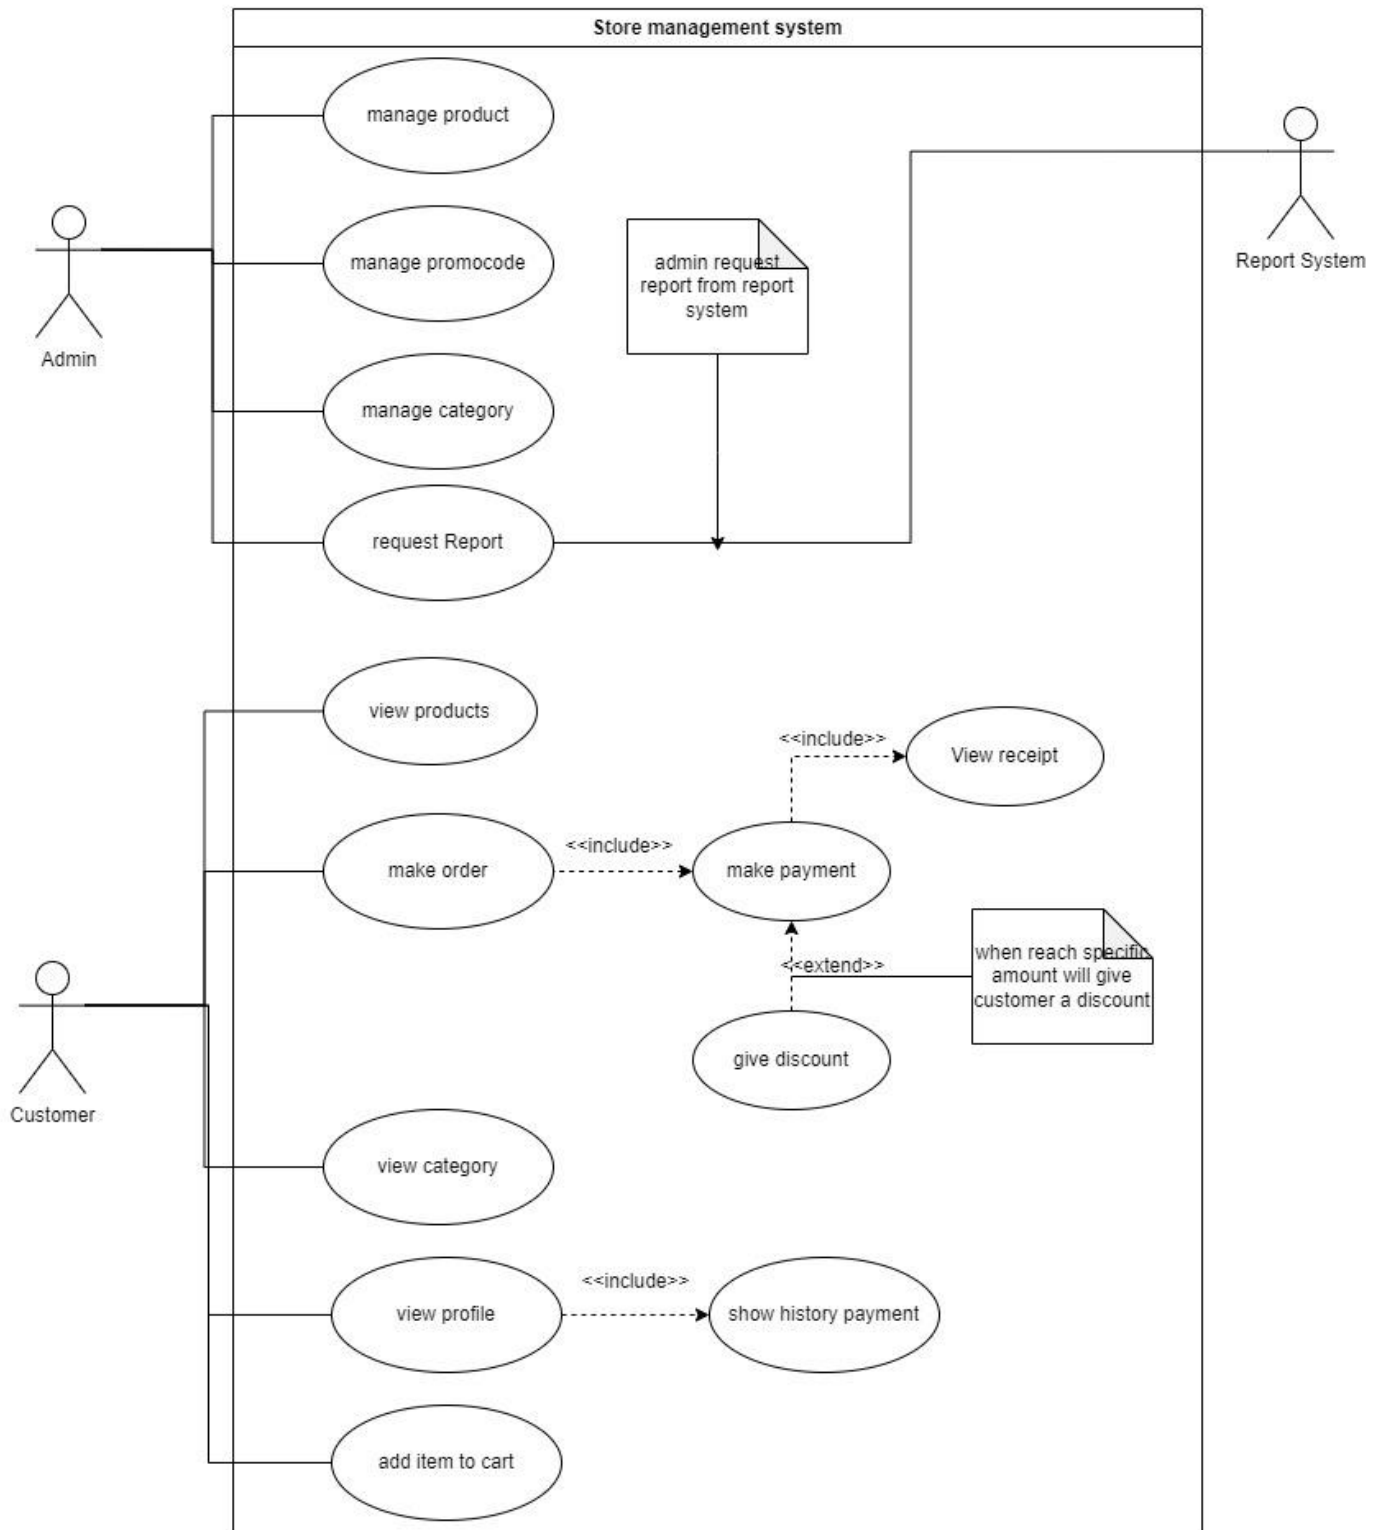

Full table

RULES									
Conditions	1	2	3	4	5	6	7	8	
Use Promocode	Y	Y	Y	Y	N	N	N	N	
min total price is 200\$	Y	Y	N	N	Y	Y	N	N	
ordered item more than 5	Y	N	Y	N	Y	N	Y	N	
Actions									
Promo Discount	X	X							
20% Discount	X				X				
10% Discount		X				X			
5% Discount			X	X			X	X	

Simplified table

RULES					
Conditions	1	2	3	4	5
